## FROM THE CUT TO THE FINISH

TRADITION OF MASTER CRAFTSMANSHIP.

### TOOLS FOR CREATIVE MINDS

As a competent hairdresser partner, we are regularly in salons and in direct conversation with hairdressers. We feel and know what is trendy and which products are necessary for professional, creative work.

Our range for you: The highest product quality for noticeably better work. All our products – from scissors to hair spray – work perfectly with one another and thus make precise styling possible for you from the cut to the finish.

Discover your options.

# PRECISION FROM TRADITION. INNOVATION WITH PASSION.

---

We have been living out passion for over 90 years: We develop scissors and razors that are unique.

Each product is of a high quality, unique and created through an exciting mixture of master craftsmanship and innovative technology. Each product is convincing through precision, technology and flamboyant design. Everything is geared towards meeting individual requirements for quality, performance, sensitivity and ergonomics in every detail.

We share our sense for unique and special products with those who are creative & demanding, the professional hairdressers & newcomers around the world who opt for TONDEO scissors. Feel the difference.

Go your own way with TONDEO.

We rely on a mixture of precise craftsmanship and state-of-the-art technologies in the production of our »masterpieces«.

Arround 150 processes are required to complete a TONDEO scissors.

# PREMIUM-COLLECTION

## FROM MASTERFUL HANDS FOR MASTER HANDS

Exclusive favourites. Made by master hands for master hands. High-precision, ergonomic, elegant, they follow every movement, translating each idea into a perfect result. Pure sensation, absolute pleasure. Every scissors is a world of its own.

CONCAVE

CONVEX

CONBLADE

THE TONDEO CONBLADE  
CUTTING EDGE

Its trademark:  
The perfect combination of the strikingly  
convex blade and extreme hollow grinding gives  
the scissors exceptional stability, longevity  
and sharpness

## THOR DAMAST FORGED BY MASTERS

Incomparable toughness and durability, exceptionally pure steel, and a beautiful design to boot – if Thor, the god of thunder, had forged a pair of scissors with his hammer, this is how he would have made it! Simply epic.

UDO LUY

Haare machen Leute, Köln

»Sensational! Cuts super cleanly and precisely right to the very tip. It is very efficient to work with because the cut is done with one snap. Even after 8 months, it is still as sharp as on the first day. Simply great.«

[www.haare-machen-leute.de](http://www.haare-machen-leute.de)

90084 THOR DAMAST Offset 7.0 CONBLADE

### THOR DAMAST

90084 THOR DAMAST Offset 7.0 CONBLADE

#### STEEL

100% Damascus steel (120 layers rolled, stainless) from the blade tip to the finger rings.

#### CUTTING EDGE/BLADE

CONBLADE with extreme hollow grounding and extremely convex blade for maximum cutting sensation.

#### SCREW JOINT/PIVOT POINT

Ball-Gliding-Screw with ball bearing for extremely smooth cutting without play. Adjustable in the finest increments using the ergonomic adjustment key.

#### SPECIAL FEATURES

A distinctive piece, one of a kind: a unique look named for Thor, the Norse god, with peerless cutting capability.

Ball-Gliding-Screw with ball bearing.

CONBLADE with extreme hollow grounding and extremely convex blade.

Ergonomic forged finger rest for outstanding ergonomic positioning.

## EPIC QUALITY

We use innovative Damasteel® to craft the THOR. Unlike traditional Damascus steel, this type of steel is made on the basis of advanced powder metallurgy. The result? Pure steel without inclusions or impurities, with unique durability and an exceptional look.

This exquisite steel is the basis on which the masters at TONDEO create the unique THOR scissors. They work intently and with a practiced hand during the manufacturing process. You can really feel the masterful craftsmanship that goes into each and every one of the more than 150 work steps involved. Flying sparks, the hum of grinding belts, and the clang of hammers are still just as they have always been throughout our Solingen shop's centuries-long history. State-of-the-art production technologies and the use of innovative materials have become established at the same time. This combination is the source of our exclusive scissors, each one of them special in its own way.

## ME FECIT SOLINGEN

The term »Made in Solingen« is a legal trademark. It stands for the very highest quality in cutting products. The first seal of quality for products made in Solingen dates back to the late Middle Ages. Latin inscriptions reading Me fecit Solingen (I was created by Solingen) were engraved on swords and daggers at the time. They were sought-after items, and to the warriors who used these weapons, they were often also a kind of »survival insurance.« Quality from Solingen was something you could count on in terms of both sharpness and hardness!

Sword from Solingen, end of 17th century, on view in the Solingen Blade Museum

**Damascus steel »Thor Dekor«**  
Damasteel® is a patented type of steel from Sweden, produced using powder metallurgy. Its structure is created when two types of pulverized steel are poured into a metal cylinder in precise layers using a filling system. This type of steel pairs corrosion resistance with superior durability. Unique cutting capability is achieved through superior edge properties. The utmost in purity without inclusions.

MYTHOS DAMAST

UNIQUE DESIGN WITH  
A LONG TRADITION

TONDEO damascene scissors are real pieces of art. Famous for their particular sharpness and extreme longevity, loved for their aesthetics.

Each one is unique with unique texture. Made of 100% stainless Damascus steel in the traditional Solingen „Large rose decor“, which already adorned the famous Damascus swords in the 17th century. For all who love the beautiful and the unique.

DOMINIC DANILO AQUARO

DAQARO BARBERSPOT, Düsseldorf  
»When I was 14 years old, my then hairdresser cut my hair using Mythos scissors. The design of these scissors impressed me, even then: timeless, ergonomic and durable. My personal favourite, and the tool I use on a daily basis, is the Mythos Damast. I have never before worked with such a high-quality pair of scissors and am very happy with them.«

»Large rose decoration« of Damasteel® is one of the world's best-performing types of stainless Damascus steel, featuring outstanding purity. It is produced using state-of-the-art powder metallurgy technology. It features peerless toughness and durability, combined with lasting sharpness and outstanding corrosion resistance. The utmost in purity without inclusions.

# MYTHOS DAMAST

**SPECIAL FEATURES**  
Unmistakably unique piece: unique look due to the traditional »Large rose decor«, optimum shank-blade ratio.

Individually adjustable TS screw (turn-stop)

# PURE INSPIRATION

## PURE CUTTING PLEASURE

A high degree of ergonomics, design and the highest quality materials – these are the claims of a PURE Inspiration. The goal is ultimate joy when cutting. It offers maximum sustained sharpness without pushing forward the hair thanks to the high purity and hardness of the PURE steel. Pure cutting pleasure!

**MARCO OVERRATH**  
Salon owner IMAGE HAIR GROUP, DÜSSELDORF  
»The PURE INSPIRATION simply feels good in your hand. Broad contact surfaces on the rings mean that the thumb does not slip in. This allows for significantly more relaxed working. PURE steel makes these keep their sharpness for a very long time. They haven't needed sharpening so far. I especially enjoy using them to cut graphic lines and for point cutting.«  
[www.imagehairgroup.de](http://www.imagehairgroup.de)

**OPTIMUM HANDLE TO CUTTING  
EDGE RATIO FOR RELAXED  
WORKING WITH LESS EFFORT.**

The handle to cutting edge ratio is different from that in conventional thinning scissors. The cutting edge and handle shank are shorter, which unlocks shorter, more ergonomic movements during cutting. This relieves the strain on your hand, since less effort is required.

ORGÆNIC ONE with 32 teeth for normal hair

ORGÆNIC TWO with 24 teeth for thick or coarse hair and base cuts.

ORGÆNIC ZERO with 42 teeth for fine hair.

90035 ORGANIC TWO Offset 5.75 Tulip (24) CONBLADE

90036 ORGANIC LINE Offset 6.5 CONBLADE  
Long, microfine serrated blade scissors for precise cutting of base cuts and contours. Also available as ZENTAO with integrated cutting edge.

**STEEL**  
Vanadium steel: Long lasting sharpness and longevity due to scissor alloying with increased vanadium content. Increased steel resistance to wear due to sub-zero hardening process.

**CUTTING EDGE/BLADE**  
Thinning scissors: Teeth featuring the finest micro serration and CONBLADE cutting edge enable dynamic working.  
90036: Long, microfine hair scissors for precise cutting of base cuts and contours.

**SCREW JOINT/PIVOT POINT**  
Fine-Setting screw: base tension adjustable using ergonomic adjustment key; individually adjustable in the finest increments using the adjustment dial. Finely polished special pivot point for easy moving.  
90036: Hidden Fine-Setting screw

**SURFACES**  
High quality hand polished, glossy surface finish.

**SPECIAL FEATURES**  
Thinning scissors for an organic haircut in three different versions allow the hair to fall naturally:  
90033: 42 teeth for fine hair.  
90034: 32 teeth for normal hair.  
90035: 24 teeth for thick or coarse hair and base cuts.

Considerably larger finger rings for more play and flexibility during cutting.

Individually adjustable Fine-Setting screw.

EARL

EXTREME SHARPNESS MEETS  
EXTREME PRECISION

The unusual appearance with curved blade and angled thumb ring make the EARL an extra-ordinary pair of scissors from the BARBER'S TOOLBAR. The cutting edge of this scissors is absolutely newly co-developed by barbers: The EARL is the scissors to use for a perfect masculine cut.

PIERRE HEINEMANN

Top actor and junior boss at Heinemann&Friends Friseure, Wedemark  
»I'm a huge fan of the EARL. The fact that it is serrated at the tip is a real innovation. You can use it for gentle and wonderfully easy shaping while at the same time using the rest of the cutting edge for slicing. That means you don't have to change scissors. Working with it is simply a joy.«  
[www.heinemannandfriends.de](http://www.heinemannandfriends.de)

STEEL

Vanadium steel: Long lasting sharpness and longevity due to scissor alloying with increased vanadium content. Increased steel resistance to wear due to sub-zero hardening process.

CUTTING EDGE/BLADE

FADE-BLADE ensures the most precise transitional cutting without pushing the hair forward, with its elaborate nano-serration at the tip. Razor sharp cutting edge with integrated cutting edge and minimum cutting angle for excellent slice properties and maximum cutting stability.  
CONBLADE with extreme hollow grinding and extremely

convex blade for maximum cutting sensation.  
Thinning scissors: Teeth with integrated cutting edge for sensational sharpness, precise results and dynamic working.

SCREW JOINT/PIVOT POINT

Individually customizable thanks to Comfort-Click screw, adjustable in the finest increments using the ergonomic adjustment key.

SURFACES

High quality hand polished, glossy surface finish.

SPECIAL FEATURES

Angled thumb ring for high ergonomics. 7 inch scissors for men's cuts over the comb, point cuts, as well as slicing in long hair.

Nano-serration at the tip.

Teeth with integrated CONBLADE cutting edge.

Angled thumb ring and ergonomic finger rest for outstanding ergonomics.

# COUNTESS

## THE ELEGANT ONE

Perfectly matched: Maximum sharpness meets highest sensation. The new integrated CONBLADE cutting edge provides a sensational cutting sensation thanks to the extremely convex blade with extremely hollow grinding, which lasts particularly long thanks to the vanadium steel. And also: hand-friendly ergonomics thanks to the angled thumb ring.

MARCO KÜVELER

Salon owner, trainer and actor, Andernach  
»The COUNTESS is a pair of scissors that makes it much easier to work with precision. The hair isn't pushed away from the blade – the blade is so sharp – it goes through like butter. It's just amazing! It's my favorite pair of scissors.«  
[www.imstil.de](http://www.imstil.de)

# SUPRA CONBLADE

## THE ELEGANT PREMIUM CLASSIC

With CONBLADE and Fine-Setting screw, the SUPRA model marks the dawn of a new age. Fine, precise cuts, smooth contours. It's a breeze for the harmonic TONDEO SUPRA. It allows particularly good access to hair with its filigree, convex blade and the fine shank. The visual highlight and also the successful contrast of this brilliant appearance: Finger rest and screw with a noble black.

**ROBIN HUTH**  
Global Educator and Player Ladies Segment  
»For me, the Supra is not only the classic scissors of our craft, it also has as much class as the craft itself. Thanks to the ergonomic offset shape, the Supra fits perfectly in the hand on any occasion and allows for an accurate cut. The narrow blade is perfect for precisely cutting the finest hairs into shape. And now the new Supra also has the buttery-soft cutting feel of the Conblade cutting edge. Ingenious. Its reliability and the class it adds to any modern hairstyle make it the perfect everyday companion for me.«

## DIRK GRESCH

Salon owner Gresch GmbH, Bottrop

»Professional scissors that feature an extremely smoother cutting sensation and noticeably greater sharpness thanks to CONBLADE. I prefer this model for precise, straight lines, hard-to-reach areas and smooth transitions. It's already one of my favorite tools.«

[www.dirkgresch.de](http://www.dirkgresch.de)

# SUPRA FASSON

## THE VERSATILE ONE

Stylish undercuts, trendy Fasson hairstyles – this is where the SUPRA FASSON is perfect to use. Nothing seems impossible for this scissors. Even the most daring cuts are realised with ease. Distinct tulip teeth for dynamic working. Wonderfully balanced due to its classic shape with two short finger rests. Ergonomic hand position for every technique – also for left-handed users. In short: The SUPRA FASSON is quite simply essential in every salon.

90108 SUPRA FASSON Classic 6.0 Tulip (42) CONBLADE

90109 SUPRA FASSON Classic 6.5 Tulip (50) CONBLADE

## SUPRA FASSON

90108 SUPRA FASSON Classic 6.0 Tulip (42) CONBLADE

90109 SUPRA FASSON Classic 6.5 Tulip (50) CONBLADE

### STEEL

Vanadium steel: Long lasting sharpness and longevity due to scissor alloying with increased vanadium content. Increased steel resistance to wear due to sub-zero hardening process.

### CUTTING EDGE/BLADE

Tulip teeth on the lower blade with consistently large catch spaces for uncut hair for dynamic working and precise results. Integrated curved cutting edge with CONBLADE.

### SCREW JOINT/PIVOT POINT

Individually customizable thanks to Comfort-Click screw, adjustable in the finest increments using the ergonomic adjustment key.

### SURFACES

High quality hand polished, glossy surface finish.

### SPECIAL FEATURES

Classic shape with 2 short finger rests for working in any hand position. Turn the scissors for Fasson cuts and undercuts with particularly smooth transitions (also suitable for left-handed users)

Integrated curved cutting edge with CONBLADE.

## SERGE RAJMONDI

Top actor and salon owner of Rajmondi Parrucchieri, Italien

»Outstanding thinning scissors made from very high-quality materials that can be used to thin thick hair and achieve a three-dimensional effect without changing the length of the hair. Perfect for professional work.«

[www.rajmondiparrucchieri.eu](http://www.rajmondiparrucchieri.eu)

# SUPRA TEXTURA

## ARTFUL TEXTURING

Modern, efficient texturing made easy. Complete haircuts are easy to achieve thanks to extra large catch spaces and supporting guide teeth of the SUPRA TEXTURA. The two shortened finger rests of the classic shape make it possible in any hand position, also for left-handed users.

90110 SUPRA TEXTURA Classic Tulip (15) CONBLADE

## SUPRA TEXTURA

90110 SUPRA TEXTURA Classic Tulip (15) CONBLADE

### STEEL

Vanadium steel: Long lasting sharpness and longevity due to scissor alloying with increased vanadium content. Increased steel resistance to wear due to sub-zero hardening process.

### CUTTING EDGE/BLADE

Especially smooth, dynamic texturing thanks to extra large catch spaces and 15 tulip notch teeth, each with a supporting guide tooth. Integrated cutting edge with CONBLADE.

### SCREW JOINT/PIVOT POINT

Individually customizable thanks to Comfort-Click screw, adjustable in the finest increments using the ergonomic adjustment key.

### SURFACES

High quality hand polished, glossy surface finish.

### SPECIAL FEATURES

Elegant texturing with the TONDEOstructure cutting edge for particularly efficient thinning and texturing. Classic shape with 2 short finger rests for working in any hand position (also suitable for left-handed users).

Fast, efficient texturizing, structuring and fringe effects. Robust in dry hair thanks to the finest microseparation on the teeth. Also perfect for freehand techniques.

# SUPRA DOPPELEFFI

## CONVINCINGLY DOUBLE

Clear the stage for the space miracle: With their double-sided teeth, the catch space is doubled and offers so much space for uncut hair. This makes the Supra DOPPELEFFI ideal for dynamic work, faster thinning of long hair and efficient wig cutting.

90111 SUPRA DOPPELEFFI Classic 6.0 Wave (2x32) CONBLADE

## SUPRA DOPPELEFFI

90111 SUPRA DOPPELEFFI Classic 6.0 Wave (2x32) CONBLADE

### STEEL

Vanadium steel: Long lasting sharpness and longevity due to scissor alloying with increased vanadium content. Increased steel resistance to wear due to sub-zero hardening process.

### CUTTING EDGE/BLADE

Concentrically wave teeth (one side with prisms and an integrated cutting edge on the other side) for extreme sharpness and concentric tulip teeth. Teeth for dynamic work and smooth transitions in the longer hair. Integrated curved cutting edge with CONBLADE.

### SCREW JOINT/PIVOT POINT

Individually customizable thanks to Comfort-Click screw, adjustable in the finest increments using the ergonomic adjustment key.

### SURFACES

High quality hand polished, glossy surface finish.

### SPECIAL FEATURES

Elegant classic with double-sided teeth to double the catch spaces for uncut hair and for dynamic working. Classic shape with 2 short finger rests for working in any hand position (also suitable for left-handed users)

Double-sided teeth to double the catch spaces for uncut hair.

### JEROEN STIENS

Salon owner and trainer, Brussels

»I like the ergonomics and sharpness of the SUPRA DOPPELEFFI. Its teeth are perfect for texturing and conjure up extra volume for every haircut. Simply brilliant!«

# WELCOME TO THE BARBER'S TOOLBAR

Being a barber is a life philosophy. In focus: the man with demands – both the barber and his client. High-quality tools with tradition – who better to meet this requirement than TONDEO who has more than 90 years of expertise in scissors and blades behind them?

With the TONDEO BARBER'S TOOLBAR, developed for barbers, in conjunction with barbers, TONDEO provides the tools a barber needs: Alongside a new pair of scissors, designed specifically for the perfect masculine cut, the range includes a razor and a tool roll made from real camel leather. With these tools, barbers are well equipped to meet high demands.

# EARL

## THE PERFECT COMPLEMENT

The EARL Tulip has 38 teeth and a number of special features that make it the perfect complement for dynamic working. Thanks to the ergonomic finger rest, this can be carried out with a special degree of relaxation and effortlessness. The extraordinary stability of the joint area combines with the eroded serration and integrated cutting edge to create a smooth cutting sensation.

### EARL

9403 EARL Offset 6.0 Tulip (38) CONBLADE

Broad joint area for exceptional stability and a smooth cutting feel.

**POLISHED** surface **STEEL** with vanadium enriched alloy and innovative hardening process

FADE-BLADE with  
nano serration

Curved blade

Extreme hollow grinding

Angled thumb ring

# EARL

## EXTREME SHARPNESS MEETS EXTREME PRECISION

The unusual appearance with curved blade and angled thumb ring make the EARL an extraordinary pair of scissors from the BARBER'S TOOLBAR. The cutting edge of this scissors is absolutely newly co-developed by barbers: FADE-BLADE ensures the most precise transitional cutting with nano serration at the tip for precise cutting, without pushing the hair forward while maintaining a sensitive cutting sensation. The integrated cutting edge allows perfect slicing.

# COMFORT CUT

## THE COMFORTABLE ONE

Clever, simple, handy. Impressively safe razor control as a result of the ideal blade length. Thrillingly fast and safe blade change with the COMFORT blade system. Comfortable: The ergonomically designed handle.

1112 COMFORT CUT

## COMFORT CUT

1112 COMFORT CUT Set inkl. 10 Blades Comfort Cut

### FEATURES

Simple and safe blade change. More safety due to the blade edge protection including attachment comb (1144) in each set.

### AREAS OF APPLICATION

All cutting techniques.

### MATCHING BLADES

- 1111 COMFORT CUT (10 pieces) 50 mm and
- 1103 COMFORT SAFE (10 pieces) 50 mm

# BLADES

## BLADE CHANGE MADE EASY

All TONDEO blades with high-quality chrome nitride seal and chemically resistant special coating with excellent slide properties.

1020 TCR

Short blades for safe handling  
10 whole blades, corresponds to 10x2 half blades.

1040 TSS 3

Long blades for rational working wide meshes  
10 whole blades, corresponds to 10x2 half blades.

1103 COMFORT SAFE

Simple and safe blade change due to special COMFORT blade system and safe working thanks to toothed safety side and blank professional side.

1111 COMFORT CUT

Simple and safe blade change due to special COMFORT blade system.

## HOW TO CHANGE TONDEO BLADES

TCR / TSS 3

1. Leave the razor blades in the paper and break along the middle axis with the tip of the arrow pointing up.
2. Keep the unused halves in the paper.
3. Slide on the razor blade holder, insert the halved razor blade and close the holder tightly again.

COMFORT CUT / COMFORT SAFE

1. Place the blade guide on the razor blade and slide on up to the impact point. The razor blade is now fixed in place and can be lifted out to the top.
2. Click the razor blade into the empty dispenser compartment and pull the blade out.

## BLADES

- 1020 TCR, 10 blades, 40 mm

## ECO XP LITHIUM

### THE TIRELESS

The ECO XP LITHIUM offers an impressively elegant, timeless design. The housing, which is produced from a single piece, moulds perfectly to the hand, whilst the newly designed charging station offers plenty of storage for the five different attachment combs. Extraordinary lithium ion battery with up to 4.5 hours of battery life.

PATRICK HÖNINGER

Salon »Höninger Friseur«, Kempen

»What I really love about the new edition of the ECO XP Lithium is its quiet, but powerful cutting behavior. It helps enhance the client's well-being. It's also really practical that you can ad-just the cut length under the cutting head.«

[www.friseur-hoeninger.de](http://www.friseur-hoeninger.de)

# ECO XS LITHIUM

## THE ELEGANT ONE

The comfortable ECO XS LITHIUM is not only lightweight, but also impresses with its timeless and beautiful design. Regardless whether for a beard or contour: the performance is right. The elegant design has a distinctive black ring control as a characteristic design element. The ultra-hardened carbon steel cutting plates ensure an extremely soft, clean, long-lasting and consistent cut, which is particularly important for contours.

**PATRICK HÖNINGER**  
Salon »Höninger Friseur«, Kempen  
»The quiet running noises and fine cut profile are what I really think make this device special. The cuts are really precise, which saves me time, and I appreciate that a lot. It also fits your hand comfortably.«

## ATELIER GRAPHITE

### THE EFFECTIVE ONE

Long-lasting volume or great curls are desired? No problem for the high-tech round brushes from the ATELIER Graphite range. Their special extra: the graphite-coated brush body with honeycomb shaped air holes. Designed for rapid, even heat distribution and extra fast drying. As a result, the styling of volume and curls is noticeably light and loose from your hand.

ROBIN HUTH

Global Educator and Player Ladies Segment

»Style comes from styling – well dried hair is, for me, an essential part of the perfect hair cut. Thanks to the even heat distribution of the ATELIER GRAPHITE brushes I can conjure up the perfect finish for each client.«

# ATELIER STYLE

## THE VERSATILE ONE

Volume and bounce, effortless untangling or quick drying. Not a problem for the professional high-tech brushes of the ATELIER STYLE series. That extra something: anti-static an innovative coating. The bristles with silver ball tip are gentle to hair and scalp. Styling becomes a true pleasure with the ergonomic handle and the light brush head.

CLAUDIA KRUG

HAIRDRESSER AND AREA MANAGER AT TONDEO

»The new ATELIER STYLE brush series is very sought-after among my clients. All of these brushes have an excellent feel and are gentle on the hair and scalp. Each model has special features for the various different uses. The PADDLE BRUSH is the perfect tool for smoothing long hair while drying, while the WET BRUSH makes detangling children's hair a snap and our CURVE BRUSH is the universal brush for women's and men's needs. For detailed information, check out my explanatory video on TONDEO YouTube.«

33516 ATELIER STYLE Paddle Brush

33517 ATELIER STYLE Wet Brush

33518 ATELIER STYLE Curved Vent Brush
